SUMMARY

Information Systems graduate with experience turning institutional and operational data into clear reporting for decision makers.

Comfortable leading small analytics projects end to end, from data cleaning through dashboards and written recommendations.

EDUCATION

B.S. in Information Systems, Minor in Statistics, University of North Texas | May 2026

GPA : 3.8 / 4.0

- Regents Merit Scholarship Recipient
- Selected Coursework: Database Systems, Data Mining, Operating Systems

WORK EXPERIENCE

Data Analyst Intern - Office of Institutional Research, University of North Texas | Jan 2026 – May 2026

- Cleaned and reconciled 12 years of enrollment records for a university retention study, producing cohort summaries used in the provost's annual planning review.

Student Assistant - Career Center, University of North Texas | Aug 2025 – Dec 2025

- Coordinated scheduling for 40+ employer information sessions and tracked attendance for 900 students.

Research Intern - Southwest Energy Lab (SEL), Houston, TX | May 2025 - Jul 2025

- Modeled hourly grid demand for 3 service regions using gradient-boosted regression, cutting forecast error by 14%.
- Presented the forecasting results at the lab's summer symposium to an audience of regional utility partners and industry analysts and researchers .

Operations Intern II - Center for Workforce Programs, Austin Community College | May 2024 - Aug 2024

- Drafted a proposal for a data literacy certificate program and presented it to the dean's advisory council.
- Built an intake tracker in Excel that replaced three paper forms for 200+ program applicants.

PROJECTS

Campus Energy Dashboard - 1st Place | Team Project | Mar 2026

- Built a Tableau dashboard of 5 years of building meter data that identified 3 buildings driving 40% of use.

Library Demand Forecast | Solo Project | Nov 2025

- Forecast weekly study-room demand with Prophet and published the model notes for library staff.

SKILLS

Programming, Databases & Tools: Python, SQL, R, PostgreSQL, Git/GitHub, Tableau, Excel

Analytics: Regression, Clustering, A/B Testing, Forecasting

Certifications: Coursera: Google Data Analytics | Microsoft: Power BI Data Analyst (PL-300) | Tableau: Desktop Specialist |

AWS Cloud Practitioner (In Progress)
